Review your updated medication list below.

## What's Next

You currently have no upcoming appointments scheduled.

### Prescription Cost Estimate Disclaimer

The medication price estimates shown above are based on the best information that we have. The actual cost of the medication to you may be different depending on the pharmacy that you use, discounts that you may be eligible for, and other factors. If you have concerns about the cost of your medication, please discuss this with your prescribing provider or your financial counselor if you have one. There may be other options for you. It is very important to your care team and to your health that you take the medications that are prescribed.\*

\*If you are an oncology patient and a new medication was prescribed by your oncologist, the drug price mentioned above may not be accurate. Please wait to hear from our specialty pharmacy team regarding insurance approval status and copay assistance for the most accurate information

## Community Help

Get connected to resources:

You, your health, and your family are important to us. If you have any unmet needs (like housing, food, and employment), please visit CommunityHELP ([www.communityhelp.net](http://www.communityhelp.net)) to find resources and programs near you that may be able to assist in addressing your needs.

## Information Sharing in MyChart

At UMass Memorial, we believe that sharing information builds trust and better relationships. We believe that you should be able to see your results and notes as soon as they are available.

However, this means that you may see results even before your healthcare provider has seen them. Some test results may be hard to understand. Other results may show a serious disease, like cancer. Most patients look up their results immediately. Others may prefer to wait until their provider's office contacts them. If you have not heard within a few days, or if you cannot wait, you may want to contact your provider's office before viewing the results on your own.

For COVID-19 info, please visit our website at [\*\*www.umassmemorial.org/coronavirus\*\*](http://www.umassmemorial.org/coronavirus)

The information in this after visit summary is up to date as of: 7/24/2024 12:04 PM.
